ASTORIA TO BE TERMINUS
OF RAILWAY SYSTEM

**E. H. Harriman Plans to Make This City
Objective Point In His Future
Coast Operations**

San Francisco Dispatch States That Line Will Be Built From Bay
City to Connect With O. R. & N. Company
At This Point

Portland, August 6.—A special from San Francisco to the Telegram says that E. H. Harriman, head of the syndicate which controls the California Northwestern Railway, is planning to make that road a part of a coast system that will eventually have its terminus at Astoria, where direct connections will be made with the Oregon Railroad and Navigation Company's lines. The extension of the local road to the state of Washington is not a project for the far future, but is actually under consideration. Engineers of the Harriman syndicate are already engaged in defining the route and estimating the cost of and the time that will be necessary to carry out the enterprise.

CROWNING OF THE NEW POPE

**Sixty Thousand Tickets Will Be Issued to
Attend Ceremony--Rampolla
to Receive Pope**

Rome, Aug. 6.—The attention of Rome is now centered upon the solemn coronation ceremony which is to occur Sunday and for which great preparations are being made. The throne of St. Peter, which Pius X will occupy, will be surmounted by a canopy 40 feet high. The function will consume five hours. The pope has informed the Vatican officials that he wishes to be received on the threshold of the Basilica by Cardinal Rampolla, who, as arch priest of the church, will address a formal greeting to him. At the conclusion of the ceremony the pope will confer his blessing upon the people, but it has not yet been decided whether he will do so inside the church or in the balcony looking out upon the piazza, where many hoped he would bestow his benediction upon the day of his election. It is said that Pius is favorable to the latter plan but the influence of the Vatican officials is against it on the ground that it might be interpreted as a recognition of the present state of affairs in Italy. The holding of coronation ceremonies in St. Peter's itself represents a concession as in the case of Leo II occurred in Sixtine chapel. Although it is expected that 6,000 tickets will be issued for the event, the demand for them is already very great.

FLAGS OF THE FLEET ARRIVE

**Admiral Smith Returns to Port-
land Without Making Pub-
lic His Staff**

A communication received by the regatta committee yesterday from Governor George E. Chamberlain stated that he would attend the regatta with his personal staff if he could possibly arrange his affairs to get away from the state capital.

Admiral A. N. Smith left for Portland last night and will return to Astoria in a few days. While in the city he met with a flattering reception from his man old friends and new acquaintances which testified public approval of his appointment. He held several conferences with the committee and submitted a partial list of his staff appointments, which was approved by the members. He stated that he would notify them of the personnel of the complete staff upon his arrival in Portland.

New and attractive features are being added to the program of the regatta each day, everyone of which carries with it something substantial in the way of cash or cups for trophies. Inquiries are coming in from adjacent towns as to special features, and the best athletes in this and adjoining states will compete for the several big prizes posted.

FLEET FLAGS ARRIVE.

The flags for the use of the admiral and his staff have been received at the headquarters of the committee. The admiral's place on the line of march and on water will be designated by a large blue ensign and the letter A done in white and surrounded with stars; the vice-admiral has the most conspicuous flag of the entire staff, his being a brilliant red pennant with the letters V. A. in white also surrounded with stars; the commodore's flag is distinguished from the commander's by the letter C enclosed in a large circle; the three rear admirals are provided with white pennants, lettering done in blue. There then will be a multitude of pri-

vate flags and ensigns, all of which will be inscribed "A. A. R., 1903."

C. R. Morse, a member of the regatta committee, left for Portland yesterday on a purchasing expedition. He will place an order for additional flags for the admiral's staff, and will also purchase medals and other trophies for the swimming and diving contests.

ROYAL VISITORS.

A fact not generally known in connection with the invitation of the W. O. W. carnival queens and regatta royalty from other cities to attend the court of Queen Frances, is that the entire expenses of the visiting royalty will be borne by the committee.

Prime Minister Harrison Allen declines to discuss the affairs of state that have recently been thrust upon him, and is particularly guarded concerning his foreign policy. He says that he was surprised, and pleased, of course, at the appointment, and expressed a hope that he would prove himself as able a diplomat as his predecessors in that exalted position.

A handsome three-column cut of Queen Frances appeared in yesterday's Oregonian and Journal. Her majesty is pictured in a very becoming hat.

Brown's military band will be engaged by the regatta committee and Chas. L. Brown, director, was in the city yesterday talking business. Brown is recognized as one of the leading band directors of the west and he now has an excellent organization. The local band has also been engaged, so that the music feature of the three days will be of a high order.

**When Shot In Both Legs Colored Desperado Begg That His Life Be
Spared and Surrenders--Captured While Leaving
Night Train--Notice Given**

Auburn, Cal., Aug. 6.—Albert Scavia, colored, one of the 13 convicts who escaped from Folsom prison, is in jail here tonight with bullet wounds in both of his legs. He was captured shortly after 9 o'clock tonight when the train came in from New Castle. Sheriff Keenan had received word from New Castle that a negro answering the description of Scavia had boarded the night train there on the way out and when the train came into Auburn Keenan and Deputy Sheriff Coan were at the depot. The negro was called upon to surrender and he immediately opened fire on Coan but failed to hit the deputy. At the same time Keenan and Coan opened fire and shot the negro who begged that his life be spared.

ENRAGED POSSES AFTER LAWYER

Wheeling, W. Va., Aug. 6.—St. Clairsville, Ohio, was thrown into a panic this evening. Mrs. M. E. Stowe, one of the most prominent and highly respected residents of the town, was criminally assaulted by a young negro lawyer. A posse of prominent citizens set out in pursuit of the negro and is bent on lynching him. The assailant is a well known negro, C. E. Burns, who has been practicing law in that vicinity. A report received late tonight states that bloodhounds have scented the trail.

Fish Pirates
Create Terror

**Stealing Salmon at Point of Gun
On the Sound--Many
Are Operating**

Seattle, Aug. 6.—Fish pirates have inaugurated a reign of terror on the sound waters. Their boldness is unprecedented. Repeatedly when bribery has failed they have held up keepers of fish traps at the point of a gun and rifled nets of their entire contents. As high as \$2000 worth of fish has been taken at a single haul. It is estimated between 150 and 200 fish pirates are operating there.

VICTORY WITHOUT FLAW.

Atlantic Highlands, Aug. 6.—Twenty two and one half minutes in a twenty mile race which occupied little more than three hours on the sea, was the beating administered to Shamrock I by the new candidate today. No shift of wind nor calm helped or hindered either boat. The challenger's victory was without a flaw.

WILL SAIL FOR GIBRALTAR.

Lisbon, Aug. 6.—United States Minister Bryan and some officers of the American squadron today visited Evora and the castle at Alvia in the province of Alentejo. They were cordially received and dinner was given in their honor at which toasts were exchanged. The squadron will sail on Saturday for Gibraltar.
